

An invocation is the invocation of higher beings (note the plural here).

It is associated with various thematic aspects.

In the invocation we offer as a service to humanity without any external or direct internal gain, various aspects and concepts are used.

- Powers of the will for good,
- The subtle planetary center Shamballa.
- The earthly universe as part of a larger universe.
- Advanced souls in humanity are included.
- The spiritual totality of humanity is addressed.
- The reawakened darkness is mentioned.
- The migration of souls (reincarnation) is acknowledged in its great significance.
- The timeless foundation of human love is emphasized.
- The path to the future for all souls is eagerly awaited.
- The necessary momentum on this path is emphasized for all levels of life.
- Indirectly, both the gate to evil and its closure, as well as the gate to the future, are emphasized.
